Health Laboratory for the City of Mysore.

Lette no 1688 of 6.3.'03

Note

Of the instance of the Health officer, the Mysore Municipal Board have resolved to set apart a sum of Rs 1000 for fitting up a Health Laboratory. The President submits a copy of the Board's resolution for the orders of Govt (Letter no 1688 of 6.3.'03)

2. This item has not been provided for in the City Municipal Budget for the year 1903-'04, which has been received twice and is pending in the Branch. The Bangalore

Shd be attended to at once - [illegible]

City Municipality possesses no such Laboratory.

3. The financial condition of the Poona City Municipality according to the Budget for 1903-02 received from the President is as follows:—

Opening balance =	21,000
Receipts =	14,6050
Total =	167050
Expenditure =	146,044
Closing balance =	21,006

It is submitted ~~that~~ this cannot be taken to represent the correct financial position of the Municipality inasmuch as the large item of expenditure on works to the extent of about Rs 40,000/- incurred in 1901-02 and requiring to be paid during the current year does not seem to have been taken into account in arriving at the above figures.

4. I submit herefrom, for orders as to whether this matter may lie over

for the present and be dealt with along with the Budget for 1903-04.

12 The Senior Surgeon now reports that it is most desirable that the Health Officer should be provided with a small laboratory so that he could investigate on the spot and at once the nature of the various deviations from the normal in the bio. Chemical conditions of the City so far as they affect the health of the people. He presumes that the Health officer hopes to be able to utilize his present Peon establishment in the working of the proposed laboratory and adds that one handy man will be necessary. (vide letter no. G. 41 dy 21. 7. 03)

13 Submitted for orders as to whether sanction may be accorded to the establishment of a laboratory at an outlay of Rs 1000/- and the President be asked to submit a Supplemental Budget for the year current

providing for the charge, if the same cannot be met by a re-appropriation or whether the proposal may be considered when the finances improve of the sanctioned grants. to have one there. Further in all civilised towns the Medical officers of Health who are specially trained in Public Health Laboratory work do protects one, to examine all doubtful cases of in-fectious diseases, air, soil, water, foodstuffs and dead products. As such in a capital city like mysore where His Highness the Maharaja resides and where some sort of infectious disease or other is always present throughout the year, it is necessary to have a Laboratory in this city.

He therefore requests that he will be so good as to cause the Board to provide at least Rs 1000/- to enable the undersigned to get up a laboratory at an early date.
